## STATEMENT FROM THE PREMIER

Nazis don't belong in this country and they know it. That's why they hide behind masks in the dark.

I thank Police who maintained the public order.

It's clear they need more powers, and we're giving it to them.

Our criminal Anti-Vilification laws come into effect next month.

We will introduce powers for police to unmask cowards at protests after that.

We're not afraid of these goons - but we won't tolerate them either.
