Minister for Cost of Living

Minister for Renters

Minister for Men and Boys

Minister for Consumer Affairs

Wednesday, 13 May 2026

## **BRING YOUR BILLS, WE'LL BRING THE SUPPORT**

Labor is making life easier for Victorians doing it tough – with more help, in more communities.

The *Victorian Budget 26/27* is investing \$2.3 million to expand Bring Your Bills Day.

Developed by South East Community Links in collaboration with organisations across the financial, legal, utility and government sectors, the program provides practical, in-person support on issues like:

- Unpaid bills and debt
- Fines and credit cards
- Mortgages and personal loans
- Centrelink and government services
- Housing and tenancy rights
- Consumer rights and legal issues.

This funding will deliver more events, community information sessions and support services right across Victoria.

At a single Bring Your Bills event in Hampton Park, at least \$3 million in debt and savings was supported in one day.

Only Labor has new solutions to make life easier, safer and more affordable.

### **Quotes attributable to Minister for Consumer Affairs Paul Edbrooke**

*"At a single event, families walked away millions in debt sorted and savings found – that's what real help looks like."*

*"Labor is investing in financial counselling – do the Liberals support it, or will they cut it?"*
